about us

MARBITO has honed techniques that allow its vitrified tiles to be the most durable and appealing on the market. Innovative techniques and advanced Italian equipment create outstanding hue constancy, ensuring brilliant hues and minimal upkeep throughout the year. MARBITO obtains advanced equipment from world leaders in vitrified technology such as Sacmi, Barbieri, and Itaca, Italy. Our tiles are of the highest calibre, have unique patterns, and come in a wide range of colors.

MATT SERIES

Double-charge tiles are very sturdy and can sustain a lot of foot traffic. These tiles are produced by combining two layers of tiles, therefore the name "double charge tiles."

Thickness :

 **9MM**

With a natural stone design, the carving Effect captures the essence of nature. This carving tile collection has durability and strength due to its strong **9mm** thickness.
